Claude | Gemini | Magic Patterns

TECHNICAL SKILLS

Figma | FigJam | Auto Layout
Design Systems | Components | Prototyping
Accessibility | Developer Handoff
HTML/CSS | WordPress | Elementor

PROFESSIONAL EXPERIENCE

UI/UX Designer Intern — DX Form (Digital Transformaton Corporation)

Feb 2026 - July 2026

- Designed responsive web interfaces, user flows, wireframes, and high-fidelity mockups in Figma based on project requirements.
- Created interactive prototypes and reusable Figma components using Auto Layout and design system patterns for consistent responsive interfaces.
- Collaborated with designers and developers to improve usability, navigation, and overall user experience while preparing designs for developer handoff.

PROJECTS

Paybridge — Payroll & Workforce Management SaaS

Designed responsive multi-role dashboards and a scalable UI design system for Admin, Company, and Employee workflows.

Budget Monitoring System — Financial Dashboard

Designed a structured financial dashboard focused on clear data presentation, information hierarchy, and efficient workflows.

Bookify — Digital Book Platform

Designed a responsive book discovery experience with intuitive navigation, reusable UI components, and a scalable design system during my UI/UX internship.

EDUCATION

Bachelor of Science in Information Technology (BSIT)

Cebu Technological University Consolacion Campus
July 2022 –July 7, 2026
